VO HOANG LONG

NETWORK / SYSTEM INTERN

Email: hoanglong@example.com | Phone: 0901 234 567 | Ho Chi Minh City, Vietnam

CAREER OBJECTIVE

IT student interested in computer networks and system administration. Looking for an internship involving network configuration, troubleshooting and infrastructure support.

EDUCATION

Bachelor of Information Technology - Example University

2024 - Present | Information Technology undergraduate

TECHNICAL SKILLS

Networking	TCP/IP, subnetting, VLAN, VTP, routing, DNS
Systems	Linux, Windows, system administration
Security	network security, Wireshark
Programming	Python, C++
Tools	Packet Tracer, Git

PROJECTS

Enterprise Network Lab

Configured multiple routers, VLANs, 802.1Q trunks, routing and subnet plans. Tested connectivity and diagnosed network configuration issues.

System Administration Practice

Practiced Linux commands, network configuration, service troubleshooting and basic system administration.

ACTIVITIES

Participated in programming practice, team software projects and Git/GitHub source control. Continuously learning practical IT skills through coursework and personal projects.

LANGUAGES

Vietnamese: Native | English: Intermediate

KEYWORDS FOR SYSTEM TESTING

networking, TCP/IP, VLAN, routing, DNS, Linux, system administration, Wireshark, subnetting, network security.
